

PUBLIC NOTICE

On March 12, 2014, a major disaster declaration was issued by President Obama following severe storms, tornadoes, straight-line winds, and flooding that occurred between February 10 and February 14, 2014. Hazard Mitigation Grant Program (HMGP) funds were made available to provide resources to assist states, tribal governments, territories and local communities in their efforts to reduce or eliminate the risk of repetitive flood damage to buildings and structures insurable under the National Flood Insurance Program (NFIP) as authorized by the National Flood Insurance Act of 1968, as amended. This funding is implemented under the authority of the Robert T. Stafford Disaster Relief and Emergency Assistance Act, 42 U.S.C. §§ 5121-5207.

Project HMGP 4166-0022

The City of Mauldin proposes to provide funding to elevate one flood prone single family residential dwelling in Mauldin, Greenville County, South Carolina using HMGP funds. This structure is located within the base or one percent chance floodplain and therefore is subject to review under the President's Floodplain Management Executive Order, EO 11988. Public comment about restoration of this facility and the application of the Executive Order was invited by notice April 2014. The home will be raised four feet above the Base Flood Elevation according to the city of Mauldin's current floodplain ordinance. The properties chosen for this mitigation effort are detailed below:

Brookbend Street, Mauldin, SC, 29662 Latitude: 34.464515 Longitude: -82.183075

Project HMGP 4166-0035

The City of Mauldin proposes to purchase and demolish eight flood prone single family residential dwellings in Mauldin, Greenville County, South Carolina using HMGP funds. These structures are located within the base or one percent chance floodplain and therefore are subject to review under the President's Floodplain Management Executive Order, EO 11988. Public comment about restoration of this facility and the application of the Executive Order was invited by notice April 2014. Upon successful offer acceptance and sale, the city will inspect, abate any hazardous conditions, and then demolish the structure within 90 days of purchase. The site will then be restored and deed restricted as open space consistent with 44 CFR Part 80 in perpetuity. The City of Mauldin will take ownership and be responsible for post-project site maintenance and inspections. Acquiring and demolishing the structure is the only permanent solution to

mitigate the risk of flooding, as an elevation would still have residual risk exposure. The properties chosen for this mitigation effort are detailed below:

Damaged Address	City	State	Zip	Latitude	Longitude
Brookbend Ct	Mauldin	SC	29662	34.471341	-82.17039
Brookbend Ct	Mauldin	SC	29662	34.471093	-82.170781
Cameo Ct	Mauldin	SC	29662	34.471547	-82.17351
Libby LN	Mauldin	SC	29662	34.471873	-82.173317
Libby LN	Mauldin	SC	29662	34.471948	-82.173319
Libby LN	Mauldin	SC	29662	34.472151	-82.173437
Cameo Ct	Mauldin	SC	29662	34.471553	-82.173341
Cameo Ct	Mauldin	SC	29662	34.471723	-82.173291

PUBLIC COMMENTS

Any individual, group, or agency disagreeing with the proposed projects and wishing to comment on these projects may submit written comments to FEMA Regional Environmental Officer, Attn: S. Madson, 3003 Chamblee Tucker Road, Atlanta, GA 30341. All comments received by **June 23, 2016** will be considered by the FEMA REO.
