Mauldin, SC 29662

Mr. Raines,

I need to take this opportunity to express my gratitude to the City of Mauldin and for the performance of your Building Services team. I would like to especially acknowledge Amy, Stephen, Diana, Josh and the rest of the team that helped make the Restaurant Depot Project a success. This was a very difficult project, and this was a very difficult site and without the experience and overwhelming support of this staff we would have never made this opening date. The compliments that ARCO/Restaurant Depot has received for the finished product is due in large part to the professionalism of your staff. ARCO is fortunate to have the privilege of working with professionals like your team. Great attitudes generate great projects and your team is proof of that!!

I look forward to our next project your community!

Sincerely,

Al Marr, LEED AP BD+C
