

“Trains, Trains and More Trains” Returns to Mauldin in September!

The Greater Mauldin Chamber of Commerce and the City of Mauldin present the largest (42' x 26') push-button operated, interactive layout on the East Coast from the Atlantic Coast S Gauge model train club.

The layout features American Flyer trains from the 1940's and 1950's, along with operating accessories, as well as the new Piedmont 'N Southern Modular N Scale layout. Rekindle your childhood memories, those long ago days, when times were simpler and life was slower.

Bring the kids and let them operate the accessories (including saw mill, log loader, barrel loader, outhouse door, etc.) and “engineer” Thomas the Tank Engine train from Thomas’ Cab.

In addition to the interactive S Gauge exhibit, there will also be two other exhibits of N Gauge and G Gauge trains, as well as an operating steam engine model during the first weekend of the show.

Donations Appreciated!

Free Admission
