

Speakers Bureau

Need a speaker for a Mauldin community event?

The City of Mauldin is pleased to schedule the Mayor, City Council members or staff for your community event.

Tell us what topic you would like to hear more about and we will find a speaker for your civic club, church group, classroom, or any group you may assemble.

Contact Olivia Vassey at 289-8903.

In the interest of transparent government and public information, the city of Mauldin has formed a speakers bureau. If you have a civic organization, church group, neighborhood association or any gathering in Mauldin, depending on the area of interest, the city will select a staff member, council member or the Mayor to speak to your group. Your speaker will be knowledgeable and able to answer any questions. We can tailor our presentations to any time limit or subject. We want to directly provide you with the most accurate information available.

If you have questions or would like more information, please contact Olivia Vassey at 289-8903 or ovassey@mauldincitysc.com.
